The Jim Rutherford Conservation Scholarship was established in 2015 by the McLean County Soil and Water Conservation District. Jim Rutherford served McLean County Conservation for 57 years in effort to protect and preserve our natural resources. His legacy lives on in the countless projects, landowners, and producers he impacted through his conservation mission.

In memory of Jim, this Conservation Scholarship awards outstanding local agricultural students a \$500 scholarship for any Illinois college. Students selected demonstrate a commitment to agriculture with soil and water conservation leadership and innovation.
