8:00 am — 4:30 pm

McLean County SWCD Office

Phone: (309)452-3848 ext. 3

www.McLeanCountySWCD.com

NOTE: The District cannot accept responsibility for sizes and/or the viability of plant materials as stated by the nursery. All planting material requires commitment to assure survival. Putting plants under stress (i.e. lack of water, planting too deep or too shallow, or a delay in planting) will weaken the plants and lessen survival rates. Do not plant larger trees too close to buildings, sidewalks, driveways or utilities. It is your responsibility to learn proper planting techniques and to select appropriate planting sites. The District cannot be responsible for replacing stock that do not survive.

Larger Trees and Shrubs (5 GALLON pots)

*Slightly branched whips 4-5 feet tall

Fall 2022

DESCRIPTIONS

Although these plants are for conservation purposes only and shall not be used as ornamentals or for landscaping (SWCD Act), landowners living in urban areas are encouraged to plant these species as they can provide wildlife habitat, shade, windbreaks, or erosion control.

TREES & SHRUBS

American Redbud: Medium growing rounded deciduous broadleaf tree. Good fall colors, purplish pink flowers in early spring. H:15-25' W:10-20' Full sun to partial shade.

Autumn Blaze Maple: Rapid growing pyramidal deciduous broadleaf tree. Dazzling red fall color. H: 50-60' W: 30-40' Full sun.

Fall Fiesta Maple: Rapid growing rounded broadleaf tree. H: 50' to 60'; W: 30' to 40'. Orange, red, and yellow fall color. Hardy and adaptable to most soils. Full sun.

Red Oak: Rapid growing spreading deciduous. Turns red-orange in fall. H: 75-90' W: 40-60' Full sun.

Bur Oak: Medium growing rounded deciduous. Turns golden yellow in fall, large stately landscape specimen. H:50-100' W: 34-45' Full sun.

Eastern White Pine: Grows in average, medium, well-drained soil. Prefers full sun, fertile soils and cool, humid climates. Rapid growing, long-lived, needled evergreen. H:50-80' W:20-40'

Colorado Blue Spruce: Grows in average, acidic, medium moisture, well-drained soils in full sun. Tolerates some light shade. Medium to large, narrow, pyramidal conifer. H:30-60' W:10-20'

Norway Spruce: Large, evergreen coniferous tree. Prized for blue-green needles color and excellent landscape form. H:50-125' W:20-45'

Black Hills Spruce: Slow growing pyramidal coniferous evergreen tree. Dark green color. Stays tight and neat. H: 15-20' W: 8-15'

American Hazelnut: Slow growing rounded deciduous broadleaf shrub. Fragrant white flowers in spring, brown nut in fall. H: 6-8' W: 6-8'

Nannyberry: Rapid growing mounding deciduous broadleaf shrub. White flowers in mid spring. Black berries in mid fall. Great for wildlife. H: 15-18' W: 6-10'. Suitable for sun or shade.

Dolgo Crabapple: Slow growing rounded deciduous broadleaf shrub. Fragrant white flowers in spring, brown nut in fall. H: 6-8' W: 6-8'

Mazzard Cherry: Slow growing rounded deciduous tree. Edible fruit attractive to wildlife. H:20-30' W:15-20'

Black Walnut: Medium growing deciduous tree. Excellent lumber quality, produces nuts utilized by wildlife. H:50-75' W: 50-75'

Monarch Mix: Contains 29 flowering species. For full details on this mix, go to mcleancountyswcd.com/monarchs

Tree Protector: This is a 2ft vinyl sheet tree protector that wraps around the base of the tree with included zip ties.
