McLean County SWCD Office

**Phone: (309)452-3848 ext. 3**  
**www.McLeanCountySWCD.com**

**NOTE:** The District cannot accept responsibility for sizes and/or the viability of plant materials as stated by the nursery. All planting material requires commitment to assure survival. Putting plants under stress (i.e. lack of water, planting too deep or too shallow, or a delay in planting) will weaken the plants and lessen survival rates. Do not plant larger trees too close to buildings, sidewalks, driveways or utilities. It is your responsibility to learn proper planting techniques and to select appropriate planting sites. The District cannot be responsible for replacing stock that do not survive.

Larger Trees ( #5 Pots) 4-5 feet tall			
Description	Quantity	Price	Total
American Redbud		\$50.00	
Red Pointe Maple		\$50.00	
Fall Fiesta Sugar Maple		\$50.00

## Fall 2024

# DESCRIPTIONS

Although these plants are for conservation purposes only and shall not be used as ornamentals or for landscaping (SWCD Act), landowners living in urban areas are encouraged to plant these species as they can provide wildlife habitat, shade, windbreaks, or erosion control.

### TREES & SHRUBS

**American Redbud:** Medium growing rounded deciduous broadleaf tree. Good fall colors, purplish pink flowers in early spring. H:15-25' W:10-20' Full sun to partial shade.

**Red Pointe Maple:** Medium growing broadly pyramidal deciduous broadleaf tree. Dark green leaves turn brilliant red in fall. H: 40-45' W: 25-30' Full sun.

**Fall Fiesta Sugar Maple:** Medium growing rounded deciduous broadleaf tree. Orange, red, and yellow in the fall. H: 50'- 75' W: 50' Full sun.

**Chinkapin Oak:** Medium growing spreading deciduous tree. Golden fall colors, great for wildlife. H: 35-50' W: 60-80' Full sun.

**Swamp White Oak:** Medium growing rounded deciduous tree. Turns golden yellow in fall. Tolerates wet soils. H:40-50' W: 30-40' Full sun.

**Eastern White Pine:** Grows in average, medium, well-drained soil. Prefers full sun, fertile soils and cool, humid climates. Rapid growing, long-lived, needled evergreen. H:50-80' W:20-40'

**Colorado Blue Spruce:** Grows in average, acidic, medium moisture, well-drained soils in full sun. Tolerates some light shade. Medium to large, narrow, pyramidal conifer. H:30-60' W:10-20'

**Norway Spruce:** Large, evergreen coniferous tree. Prized for blue-green needles color and excellent landscape form. H:50-125' W:20-45'

**Black Hills Spruce:** Slow growing pyramidal coniferous evergreen tree. Dark green color. Stays tight and neat. H: 15-20' W: 8-15'

**Black Chokeberry:** Slow growing spreading deciduous broadleaf shrub. Dark red fall colors, black berries in fall. H: 6-8' W: 4-6'

**Red Osier Dogwood:** Medium growing upright deciduous broadleaf shrub. White to bluish berries in late summer, brilliant red twigs glow in winter. H: 5-6' W: 5-6'

**American Hornbeam:** medium growing rounded deciduous broadleaf tree. Green leaves turn yellow to orange in fall. Interesting blue-gray bark. H: 20-25' W: 15-20.

**American Plum:** Medium growing rounded deciduous broadleaf tree. Native to Illinois, produces small plums in July-August that are high value to wildlife. H: 10-20' W: 15-25'.

**Tree Protector:** This is a 2 or 4 foot vinyl sheet tree protector that wraps around the base of the tree with included zip ties and included wooden stake.
