NOTE: The District cannot accept responsibility for sizes and/or the viability of plant materials as stated by the nursery. All planting material requires commitment to assure survival. Putting plants under stress (i.e. lack of water, planting too deep or too shallow, or a delay in planting) will weaken the plants and lessen survival rates. Do not plant larger trees too close to buildings, sidewalks, driveways or utilities. It is your responsibility to learn proper planting techniques and to select appropriate planting sites. The District cannot be responsible for replacing stock that do not survive.

SPRING 2025

DESCRIPTIONS

Although these plants are for conservation purposes only and shall not be used as ornamentals or for landscaping (SWCD Act), landowners living in urban areas are encouraged to plant these species as they can provide wildlife habitat, shade, windbreaks, or erosion control.

TREES & SHRUBS

American Redbud: Medium growing rounded deciduous broadleaf tree. Good fall colors, purplish pink flowers in early spring. H:15-25' W:10-20' Full sun to partial shade.

Autumn Blaze Maple: Rapid growing pyramidal deciduous broadleaf tree. Dazzling red fall color. H: 50-60' W: 30-40'. Full sun.

Sienna Glen Maple: Rapid growing oval deciduous broadleaf tree. Turns burgundy red with tinges of burnt orange in the fall. Very hardy and adaptable to most soils. Less susceptible to frost cracking compared to other maples. H: 50' to 60'; W: 30' to 40'. Full sun.

Prairie Stature Oak: Medium growing pyramidal deciduous. Hybrid between English and White Oak. Emerald to blueish green in summer. Turns orange and red in the fall. H: 40-50' W: 30-40' Full sun.

Swamp White Oak: Medium growing rounded deciduous. Good golden fall color. H:40-50' W: 30-40' Full sun.

Eastern White Pine: Grows in average, medium, well-drained soil. Prefers full sun, fertile soils and cool, humid climates. Rapid growing, long-lived, needled evergreen. H:50-80' W:20-40'

Colorado Blue Spruce: Grows in average, acidic, medium moisture, well-drained soils in full sun. Tolerates some light shade. Medium to large, narrow, pyramidal conifer. H:30-60' W:10-20'

Norway Spruce: Large, evergreen coniferous tree. Prized for blue-green needles color and excellent landscape form. H:50-125' W:20-45'

Black Hills Spruce: Slow growing pyramidal coniferous evergreen tree. Dark green color. Stays tight and neat. H: 15-20' W: 8-15'

Red Osier Dogwood: Medium growing upright deciduous broadleaf shrub. White to bluish berries in late summer, brilliant red twigs glow in winter. H: 5-6' W: 5-6' Full to partial shade.

Purple Lilac: Medium growing rounded deciduous broadleaf shrub. Fragrant purple flowers in spring and summer. H: 4-6' W: 4-6'. Full sun.

Tree Protector: This is a 2 or 4 foot vinyl sheet tree protector that wraps around the base of the tree with included zip ties and included wooden stake.
